**AIR CONDITIONING & REFRIGERATION**

ZIMBABWE | ZAMBIA | MALAWI | MOZAMBIQUE

# ABOUT US

Natural Air offers the best air conditioning and refrigeration solutions for both residential and commercial sectors.

Established since 2003, Natural Air is one of Zimbabwe's leading companies providing air conditioning and refrigeration solutions. We share the same passion of providing excellent service and quality products at competitive prices now, as we did when we first started.

We have a main office in Harare, as well as satellite offices in Bulawayo and Mutare, allowing us to provide a nationwide service. You can be assured of a warm welcome from our friendly team who will always give you the best advice possible, whether you pop in to see us or give us a call.

## *What makes us different?*

- We specialize in temperature control so we are totally committed to understanding your needs and are therefore able to provide the just the right solution to meet your requirements and budget.
- Our products are sourced from around the world allowing us to provide you with the best solutions at competitive prices. We are the official distributors for LG, Rowa and Samsung.
- We hold large stocks of both units and spares and are therefore able to immediately fulfil the majority of orders.
- With over a decade of experience, we have built an enormous amount of knowledge and expertise and have the well-deserved reputation of offering you the very best advice and service.

# AIR CONDITIONING MADE SIMPLE

## *Residential*

Natural Air supplies residential air conditioning units for use in homes, offices, boardrooms, canteen kitchens, restaurants and school classrooms.

Our skilled staff can advise on the best air conditioning to suit your purposes, with the most popular being a wall mounted system, but ceiling options are also available. We consider your individual, home and budget needs and will provide you with a customised solution that will suit your personal requirements.

Natural Air offers a range of Room Air Conditioning products and systems to suit every need from these leading brands Samsung, LG and Rowa.

Natural Air are the sole dealer of Samsung air conditioning in Zimbabwe. We offer you the best deals and can also organise the installation of your system in your home or office. We hold the largest stock holding of genuine Samsung spare parts which means if you have any problems, we can quickly and easily fix them for you - usually within one working day.

Natural Air became the official distributor and sole supplier for LG in 2003. Their range of residential air conditioners go from split systems to whole-home ducted air conditioning and are designed to suit most buildings or spaces. LG are well-known for their pioneering technology and development.

Rowa is a leading name when it comes to affordable and durable air conditioning. They have always strived to combine the latest technology with exceptional value for money that helps you create a comfortable, fully temperature-controlled environment for your home or small business.

# Naturalair

## *Commerical*

Natural Air can air condition any commercial building from a small office block to a multi-storey structure, such as hotels, shopping malls, supermarkets and banks. We have a variety of products that can meet every need – aesthetically, environmentally and value of money.

Our sales team plays an integral part in our company and a strict standard of service is adhered to. We pride ourselves in providing outstanding customer service with thorough commercial air conditioning consultations.

# REFRIGERATION

## REFRIGERATION CABINETS

### *Natural air - your trusted commercial refrigeration partner*

Natural Air can supply, custom build and manage the installation of a broad range of commercial refrigeration solutions for the likes of supermarkets, restaurants, dairies, abattoirs and agricultural and horticultural cold storage facilities.

We specialise in all commercial refrigeration requirements, including refrigerated supermarket and restaurant display cabinets, cold rooms and freezer rooms, and have the capability of supplying a wide range of turnkey solutions for all of your needs. We are able to design condenser units to the customer's specification - from low temperature and medium temperature simplex units to large multiplex ones. We also distribute prefabricated condenser units manufactured by Emerson Climate Technologies. While Natural Air does not sell fridges for domestic use, we can supply spare parts for these.

## SPARES

Natural Air offers a range of commercial refrigeration products and systems to suit every need from leading brands Emerson, HC, Just Refrigeration/Euroman and A-Gas. These international brands are backed by global research and development, and supply quality assured and energy efficient products.

Natural Air is the largest stockists of refrigeration and air conditioning components in Zimbabwe, and we are also the only genuine wholesaler of these parts in the country.

We can supply spare parts for refrigeration, from domestic through to commercial, for all of the different types and brands. While we stock more than 700 line items for commercial and domestic refrigeration, if we don't have them we can source them. No job is too big or too small. We supply the entire range of air conditioning spares parts that are specific to our brands which are LG, Samsung and Rowa.
